UNLOCK SUCCESS
THROUGH TECHNOLOGY

The need for a robust IT strategy is relevant now more than ever. More and more, companies are moving online and digitalising their work.

By adopting new technologies, businesses are able to create up to date, more accurate drawings, share information easily and save time, money, and improve efficiencies.

With years of experience working with construction companies, IT Hotdesk can create a bespoke service that fits your business needs.

Sector Challenges

Some of the challenges that clients working within the construction sector face include:

MULTIPLE SITE LOCATIONS

When companies require setup and staying inter-connected with all team members across multiple sites.

VARYING USERS

As contractor and subcontractor numbers change on a daily basis, it's important the businesses have the IT system in place to allow for maximum flexibility.

RAPID RESPONSE

Often projects run late. Whether it's weather delays, unexpected scope change, or late deliveries. In order to survive in this fast-paced environment, companies frequently invest in intelligent, automated solutions.

INDUSTRY SPECIFIC SOFTWARE

As technology advances, software packages will update and upgrade quite frequently. Hiring a trusted IT provider to maintain your equipment will guarantee that you're always operating at optimum levels.

How we help your Business

MICROSOFT 365

Microsoft 365 is a complete solution that allows employees to work collaboratively and securely from anywhere.

A combination of Office 365, Windows 10, and Enterprise Mobility + Security, the package allows for your firm to operate in a modern and secure workspace.

MANAGED CYBERSECURITY

Providing unlimited and all-inclusive detect and protect service for your company.

DATA BACKUP & RECOVERY

The data your business needs to be safe and secure, ensuring that it is recoverable should anything uncertain happen.

MICROSOFT TEAMS

Microsoft Teams is a communications platform and is primarily part of Microsoft 365. Removing the need for SharePoint, Outlook, and Skype, Microsoft Teams brings people, conversations, and content together into one place.

MANAGED CLOUD SERVICES

Manage your IT online with our on-demand, pay-as-you-go solutions. Hold everything from servers and storage to applications, analytics, and software, online, and in one place.

CONNECTIVITY

Secure, fast, and reliable solutions to keep your business connected 24/7.

LET'S GET STARTED

Whether you'd like a fully managed IT service, or you'd like to complement and enhance your in-house IT team, we at IT Hotdesk are here to help.

WHY CHOOSE IT HOTDESK

Traditionally, IT difficulties faced by construction companies would be simple, such as gathering and sharing data securely. However, as technology advances and more is moved online, companies are becoming more reliant on software and systems that are regularly updated and upgraded.

When technology fails or there's a software malfunction, it's important that your team are back up and running as quickly as possible. At IT Hotdesk we offer 24/7 support, resulting in a rapid response rate, minimising any potential downtime.
